

# CO5-Class Activity I/O Operations

O. Bhanu Prakash Reddy

192372075

**1.Create a program to read the content and display on the console ?**

**Code:**

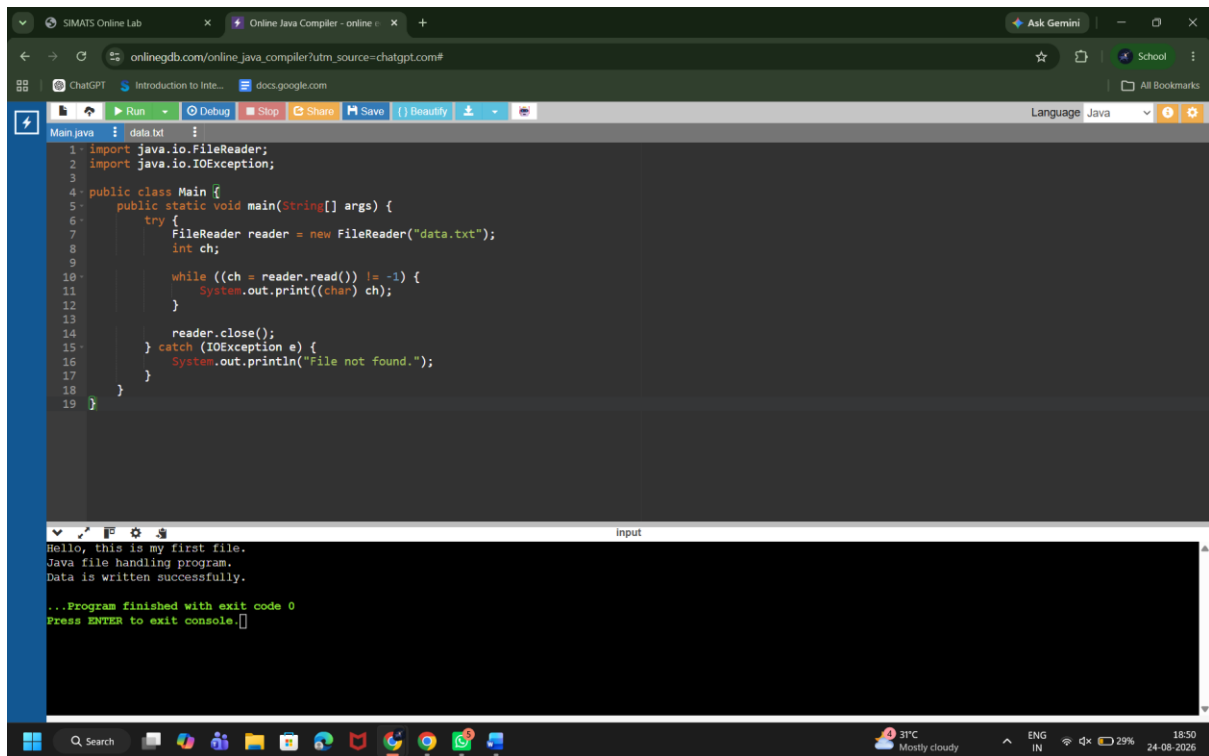

```
import java.io.FileReader;
import java.io.IOException;

public class Main {
    public static void main(String[] args) {
        try {
            FileReader reader = new FileReader("data.txt");
            int ch;

            while ((ch = reader.read()) != -1) {
                System.out.print((char) ch);
            }

            reader.close();
        } catch (IOException e) {
            System.out.println("File not found.");
        }
    }
}
```

## Output:

The screenshot shows a web browser window with the URL `onlinegdb.com/online_java_compiler?utm_source=chatgpt.com#`. The browser has tabs for 'SIMATS Online Lab', 'Online Java Compiler - online', and 'Ask Gemini'. The page title is 'Online Java Compiler'. The code editor shows a Java file named 'Main.java' with the following code:

```
1: import java.io.FileReader;
2: import java.io.IOException;
3:
4: public class Main {
5:     public static void main(String[] args) {
6:         try {
7:             FileReader reader = new FileReader("data.txt");
8:             int ch;
9:
10:            while ((ch = reader.read()) != -1) {
11:                System.out.print((char) ch);
12:            }
13:
14:            reader.close();
15:        } catch (IOException e) {
16:            System.out.println("File not found.");
17:        }
18:    }
19: }
```

The output window shows the following text:

```
Hello, this is my first file.
Java file handling program.
Data is written successfully.

...Program finished with exit code 0
Press ENTER to exit console.
```

The browser's taskbar at the bottom shows the Windows logo, a search bar, and several application icons. The system tray on the right shows the date and time as '24-08-2025 15:30' and the weather as '31°C Mostly cloudy'.
